### Slaughter Pig Marketing Summary

<b>This week</b>
Pig supply remained tight with producers continuing to suffer from the winter performance issues that plagued so many. The tight supply met with good demand, with all the large processors requiring contracted numbers as a minimum. Contract prices improved with odd increases in contract contributions. The welcome warm weather mid week sparked hopes of barbeque trade but was probably too short lived to improve the market further. The fresh meat market saw a touch more life with price improvements seen in many cases. The cull sow market weakened on the back of poorer continental prices. In Europe, Germany fell 3 eurocents, but all its near neighbours stood on. Price quotes in sterling were enhanced however, by a stronger Euro that ended the week up 1.21p at 87.61p.

### Weaner Marketing Summary

<b>w/c 15/04/18</b>
Supplies of both 7kg weaners and 30kg stores continued to outstrip demand, with many fatteners still struggling for fattening space. The prices announced by the AHDB saw no quote given for a 30kgs pig and the weighted average for a 7kg rise by 21p to £37.19.
